Wilmut, automobile dealer, Napane, while out duck shooting with a friend, Mr. Chambers, at Duff's camp, about eighty-five miles from Napane, had the misfortune of accidentally discharging the contents of his shot gun through his right foot, just below the instep. He was removed to the Kingston General Hospital about midnight. Thursday, an examination revealed a complete hole through the foot, two bones being blown away. Harvest Thanksgiving Services.

The annual Harvest Thanksgiving services were held in St. John's Church, Bath, on Sunday last. The church was beautifully decorated by the Ladies of the Guild and other members of the Church. The Rev. W. C. S. Gray presided, and there were large congregations at both morning and evening services. The services were fully choral, and the singing throughout was well rendered, with Mrs. H. S. Northmore at the organ. The people of Bath are justifiably proud of their church, which has been in continuous use since the year 1788. This is a unique record in the Province of Ontario, and it is hoped every effort will be made to keep it up to past traditions. Since the incumbency of the Rev. W. C. S. Gray, the church has been the scene of many great works and social tasks, with the Rev. W. C. S. Gray presiding. The Rev. W. C. S. Gray presided at the 22nd Harvest Thanksgiving Service, which will be held on the same Sunday at Odessa 10.30 a.m., and Mervin 2.30 p.m.

ODESSA FAIR

Attendance at the Odessa Fair grounds on Friday afternoon last exceeded all expectations; for the heavy showers of the morning, with threatening skies, made things look rather blue for the showing of stock and the fair seeking admission. Motor vehicles enabled a big crowd to arrive there on short notice.

The Association, which has been in existence for eighty-eight years, is still a thriving body of yeomen and the results of their co-operation are seen on every hand about the grounds. Exhibits were up to the standard of the best exhibitions of the past, and in some of the competitions a better class of entry than ever was brought out.

The races on Thursday resulted as follows:—

235 Class.
Fred Patch, G. H. Whitty, Kingston, 1-1-1; Director Murphy, T. E. Nicholson, Kingston, 2-2-2; Maud Murphy, E. York, 3-3-3; Nellie Murphy, C. Perry, Kingston, 4-4-4; Bonnie Murphy, Everton Smith, Enterprise, 5-5-5.

The judges of the races were:—W. C. Loyd, Bath, starter; George Paul, Napanee; Otis Hoffman, Moscow; C. D. Brown, Bath; G. M. Loyd, Bath.

Girls' Baseball Match.

Excitement ran at a high pitch for about an hour, when the girls' baseball teams from Bath and Wilton played a very exciting game. The final score was 2 to 5 in favor of Wilton. The winners had the better of the argument, and seemed to be able to hit him when runs were needed. There were a couple of home runs as well as two hit three-runners. Baseball has been very popular among the girls this summer, and judging from the enthusiasm shown it will still be a favorite with the girls next year. The Wilton girls have an excellent, well-balanced team, with training, Bath will give them a closer run in the future. The winners are as follows:

Wilton: L. Babcock, Jr.; L. Peters, 1-1-1; E. Embock, 2-2-2; R. Frim, 3-3-3; D. Neilson, 4-4-4; J. Hart, 5-5-5; H. Asselinge, 6-6-6; R. Newman, 7-7-7; S. Shulby, 8-8-8; R. Newman, 9-9-9; Bath: S. Young, Jr.; E. Duverne, 1-1-1; B. Miller, 2-2-2; H. Laidley, 3-3-3; Y. Miller, 4-4-4; E. Young, 5-5-5; D. Osborn, 6-6-6; K. Osborn, 7-7-7; E. Osborn, 8-8-8; E. Osborn, 9-9-9.

The races on Friday resulted as follows:—

Free-for-All.

Loyd, Bath, starter; F. H. Henderson, Napanee; C. D. Brown, Bath, and Otis Hoffman, judges.

The Fair Association officers are as follows:—President, Frank Smith; 1st Vice-President, James McFarlane; 2nd Vice-President, W. W. Lucas; Secretary-Treasurer, A. M. Fraser; Directors, S. G. Hoyle, W. C. Loyd, C. F. Reid, D. L. Boyes, S. D. Spruille, A. W. Fraser, W. M. Clarke, T. C. Fraser, Mrs. W. A. Snider and Mrs. M. L. Fraser; Auditors, J. L. Clarke and S. M. Reid.

A. M. Fraser, the general secretary, as usual managed everything in a business like manner. The judging was completed early and the large crowd was not kept waiting to see the exhibits in the palace. We are greatly indebted to Mr. Fraser for the following complete list of prize winners:—

Make the Rinso liquid first

Do not put Rinso direct from the package into the tub. Mix half a package of Rinso in a little cool water until it is like cream. Then add two quarts of boiling water, and when the froth subsides, you will have a clean amber-colored liquid. Add liquid to the wash tub, until you get the big lasting Rinso suds. Then wash the clothes clean.

Rinso is as splendid for the regular family washing as Lux is for fine fabrics.

Stimulate Your Skin

The skin with its network of tiny pores and glands should never be allowed to become sluggish and inactive. Dirt, cold cream, rouge and powder will clog the pores, enlarge them and produce blackheads and blemishes unless the skin is cleansed thoroughly with soap and water at least once every day.

The simple method of beautifying was Cleopatra's secret. She knew that to have fresh fine skin thorough cleansing was necessary. She used Palm and Olive oils, the same rare oils which are blended in Palmolive.

If you use a fine mild soap, there is no danger of irritation. Palmolive with its creamy lather, is lotion-like in its action. It freshens, revives and stimulates and leaves the skin delightfully fresh and rosy.

You can buy Palmolive Soap at all first-class dealers.

NO OTHER CAR anywhere near Overland's price offers the manifold advantages of this new model.

IT IS OUTSTANDING IN APPEARANCE and appointments. Its body lines are long and graceful, with high hood and imposing radiator. Drum headlights set to advantage the full-crowned fenders—fenders such as you find only in high-priced cars. Its body is all steel, with baked enamel finish.

LOW SEATS add to the buoyant riding ease ensured by its Triplex Springs, an exclusive Overland feature.

IMPORTANT MECHANICAL FEATURES to be found in no other low-priced car contribute to the dependability of the new car, as for instance the new floating type rear axle with shaft of special nickel steel, and removable without tearing apart the housing.

A Rear Axle Shaft 27 per cent heavier than any other car is the Overland price or weight class.

Rinso

There's time in the package
Time to do the many things ordinarily put off on wash-day. For Rinso does not keep you standing over the wash-tub, rubbing until your back aches and your hands are red and sore.

Rinso, an entirely different kind of soap, soaks clothes clean. Rubbing and boiling are unnecessary. The big soapy Rinso suds gently loosen the most ground-in dirt without weakening a single thread.

Buy a package today.
On sale at all good grocers and department stores.

Listen!

Have you heard about Peps? It is a scientific preparation put together by the world's greatest chemists. It is an entirely new and effective treatment for colds, coughs, and throat troubles.

It contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor and are breathed down the air passages, where they soothe the inflamed and irritated membrane of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry off the mucus from the lungs.

In a word, when liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

A Smile of Satisfaction

Comes with Every One of Boyes' "Made-in-Napanee" Suits

It's no use saying, Mr. Man, you're not very particular about your clothes. We are all alike. We all appreciate a fine looking garment of good material and neat workmanship. The trouble is, we try to "beat" the game sometimes and buy one that "looks good" but has no "pedigree."

You'll be money ahead, men, if you buy a "pedigreed" Suit next time—one of BOYES' GENUINE TAILOR-MADE garments. Then you'll be sure of a correct fit, the best materials, and built to stay making.

Recent additions to our staff of tailors rounds out the best tailoring organization we ever had.

Leave your order and you'll wear a smile of satisfaction when you get your Suit.

The great outstanding paper of the country, that paper that has always been in the front rank and heard the procession, the paper that has met the universal alien and exiled universal commination—*the Family Herald and Weekly Star*, Montreal, with 759,000 readers (Canada, East, West, North and South)—is the Great Winner. It returns ten times as much as it costs. It is the best source of information, essential to all who want reliability and the best of results. To say that it is causing a revolution in the intense interest created by this publication, is no hyperbolic phrase.

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Leslie, Sask.—"For about a year I was troubled with a distressing down-bearing pain before and during the periods, and from terrible headaches and backache. I hated to go to a doctor, and as I knew several women who had taken Lydia E. Pinkham's Vegetable Compound with good results, I finally bought some and took four bottles of it. I feel now so much better, and to every woman who troubles with similar troubles I can and do hope to be able to give your medicine on hand at all times, as no woman ought to be without it in the house."
—Mrs. OSCAR A. ANDERSON,
Box 15, Leslie, Sask.

Mrs. Kelsey Adds Her Testimony
Copenhagen, N. Y. — "I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from pains and weakness. I was so weak that I could not walk at times. Now I can do my housework and help my husband out doors, too. I am willing for you to put this in the paper if I risk it will be for others." Mrs. HENRIETTA KELSEY, R. F. D., Copenhagen, N. Y.

Sick and ailing women everywhere in the Dominion should try Lydia E. Pinkham's Vegetable Compound before their case is beyond recovery.

ANNUAL MEETING OF CHILDREN'S AID SOCIETY.

The annual meeting of the Children's Aid Society was held in the Town Hall, on Friday, the 19th of October, the President, Mr. Alvin Woods, being the Chairman. A number of matters of routine character in connection with the Society's work was discussed, after which the Treasurer, Mrs. A. W. Grange, presented the Treasurer's annual report, which showed a balance on the right side, after all liabilities had been met.

The annual report of the Inspector was then presented, and is given in full as follows:

Napanee, Oct. 19th, 1923.

Mr. President, Ladies and Gentlemen: I have great pleasure in submitting this annual report to you in reviewing the efforts of the past year, in connection with Child Welfare Work in this County. It is with mixed feelings of regret and satisfaction, regret for the things which might have been done and satisfaction for the results which we can see.

There are difficulties, and many discouragements to be met, yet, on the whole, the result of the year's work has been beneficial. The work brings greater responsibility each year and it is in the task of measuring up to that responsibility that many difficulties are met, which calls for more patience, prudence and sound common sense. Happily we have been able to steer clear from many of the difficulties which appeared before us and those that have been apparently insurmountable are now being overcome and solved.

To carry on any work of a social nature, successfully, requires not only financial assistance, but sympathy and the interest of the community. Where this cannot be obtained the work is made very much more difficult. Probably the reason for the lack of it, is ignorance of the nature and extent of the work being done. It has been amusing as well as distressing to find the diversified views prevalent as to the work and powers of a Children's Aid Society. In some minds this organization is a charitable association, in others it is as well as an "advisory" society, which is justifying to swallow up all children who do not measure up to a certain degree of efficiency, while others imagine that the Society will take all surplus children and care and provide for them free of charge. It is surprising to find what a number of persons there are, who think that all it is necessary for them to do, if they have any children or child they want to be rid of, that they notify the Society, who will take charge of them, without any further trouble to them. Mothers of ill-tempered children, parents where one of the other has deserted the family, are among those who try and shift their responsibility to the C. A. S.

In some cases, of course, we have to come to it. One case in particular comes to mind, where a lady wanted her neighbor's children removed for certain reasons, which were not justifiable, and when her request was refused, she became very indignant and wanted to know what the Society was for, that because of the money that was collected each year in the form of a contribution to the Society. During the conversation it was discovered that the lady in question did not know the difference between the local Ladies' Aid Society of the Methodist Church and the Children's Aid Society of the County of Lennox and Addington, and to the latter Society she had never contributed anything.

It is only owing to a lack of knowledge that there appears to be as much indifference and lack of support and sympathy towards the Children's Aid Society.

However, we look forward to the time when this class of work will be fully recognized and appreciated and supported, as it deserves.

While statistics cannot convey to the mind all the labour it represents, the figures given in this report represent a near as can be done the activities of the past year.

It was found necessary to travel approximately 2,000 miles in investigations and visits to wards of which there are about fifty placed in this County. We have lost one ward, by death, and several have been released from supervision, and several have been legally adopted, and one ward dealing with 121 children have been dealt with, and out of this number two have been made wards of this Society and two sent to Industrial Schools. The number of attendances in Police Court has increased, owing to the increase of juvenile offenders, the cause of which in almost every case was lack of home supervision and the neglect and indifference of parents.

At the present time we have two wards in Shelter. One of these, the unfortunate victim of a family quarrel, was married, which was not known in time to be prevented, but I am pleased to report that action in relation to this case has been taken, and the marriage annulled at the next session of the Supreme Court.

It is very gratifying to note the improvement in the condition and circumstances of many of our wards. The outlook is very encouraging and bright for a large percentage of the wards, but unfortunately there are some who unfortunately never will be much better than they are now, being handicapped mentally. These unfortunate mental defectives are a burden. They are practically unmanageable, even some of the parents realize this. What to do with them is a problem that comes

Male the Home Cheerful.
The time of year has come again when the thrifty housewife brushes away the dust and cleans up generally, and makes the home look as bright and cheerful as possible for the dull weather of Fall and Winter. The time when the wife has to get a worn and faded look, and when the husband has to get a new and shiny one. This is the time when the wife has to get a new and shiny one, and when the husband has to get a new and shiny one. This is the time when the wife has to get a new and shiny one, and when the husband has to get a new and shiny one.

Forecast by Ancient Woodman of Weather for Coming Winter.
Applies Privately to Pennsylvania, But Will Fit Ontario in the Main.

Kane, Pa., Oct. 19th.—William O. Altman, weather seer and a mighty good one, whose advice has been sought frequently in the past by the Weather Bureau officials in Washington, on important announcements here today, when he told the people of here just what kind of winter we will have the coming Winter.

His forecast is as follows:—
November 1st to December 31st, cold rains and snow, without any extensive snowfall, although there will be some snow.

January 1st to February 1st, the first part of the Winter will be cold with warm rains and thunderstorms, growing colder toward the end of that period.

February 1st to March 31st, cold weather with sleet and snow storms all right. There will be numerous snow storms from the northwest. The birds and wild animals of the woods and fields in his province. He also tells greatly on the much feared "chicken coop." "Watch the birds in the air and the crawling things under feet and you won't go far wrong." Is his way of telling how he reaches his conclusions.

The old woodman complained that he had been pestered continually with queries for information, and that the Bureau officials at Washington wanted some of it as well as other.

POP'S GOT A CAR.
Dear Cousin John: I write to you to say Pop's got a car; it just arrived today. It's one of them there "Lexus" kind that wheezes when it runs.

Oh, makes a noise when startin' like a dozen rattin' grans. A "used car," and the agent, but I'd call it second hand. Like one that's seen some better days, no ain't in much demand.

The tire hold their wind just now but goodness knows how long. One of these sides'll get a gap like something very odd.

An' chuck their ghost; but Pop says, "Never mind. I'll always have an extra one—a hangin' on behind."

The radiator leaks a bit and shows some signs of rust. The hood has lost its polish and is thickly spread with dust. The engine, hilt and wheels like a baby with the croup.

Pop's as tickled as a kid. He swears the agent said That ride in the car would be like a feather bed.

An' that a bit of polish an' a little oil and time will do it. Was all we'd need to get the boat a-runnin' smooth an' fine. He claims he's got a bargain, but my goodness, it's a dud.

An' ought to be a-playin' with the kids down at the school. Well, anyhow, we've got the car—it cost two hundred loons.

A dollar down and one week and a mortgage on your home; an' no more time, you should see chargin' by our door.

You'll know it across for purpose. But if we don't you'll know that we're busy stalling somewhere. In front of some one's garage—wait a minute.

OBITUARY.

Andrew Embury Bell, aged
thirty-five years, died at a certain
address in Napanee, Ontario, on
Monday morning, October 29th, 1923,
when Mr. Andrew Bell was taken
with an attack of heart failure and
died almost immediately.

He was born on the same farm
where he died, and his 73 years and
more were all spent in or near that
home. He was a son of the late
James Bell, who was well known for
many years as a local preacher in the
Methodist Church. Andrew Bell was
one of eight brothers, of whom three
are still living. His widow also sur-
vives him. "Andy" as he was fami-
liarly called by his many friends, was
of a cheerful, stout disposition, im-
mense and kindly in all his daily life.
The funeral service was held at his
home on Wednesday afternoon, by
Rev. W. H. Clarke, and Rev. Mr.
Hammock, of Roblin, and he was laid
to rest in the old family plot in the
Catholic cemetery, near Tanworth.

AN APPRECIATION.

No doubt the ladies of the various
church organizations feel a certain
amount of indebtedness in carrying the
load to sell tickets, but the ladies of
St. Andrew's Presbyterian Church
certainly conferred a favour on the
community when they induced any
one to listen to such an excellent
programme. Here was a chorus of some
thirty-five men, including many of
the prominent boys and business men
of the town. I would like to ask them
if they have performed any public
duty in which they took such a great
pleasure? The delight of the audience
which packed the Town Hall was
deep and sincere. The very atmosphere
which radiated from such a
chorus of men was magnetic. Now,
why is there not a male choral as-
sociation where there is such talent? Can
one imagine the music that such a
group would produce if they organized
for regular work. Mrs. Madden
deserves the credit of producing such
fine results. The quality of the ten-
ors, the smoothness of the baritone,
where so often it pierces out of the
thrust, the basses too, which were
full and sonorous. A keen plenty of re-
serve power, but Napanee is noted
for its musical talent. The ladies of
St. Andrew's Church, who were the
sponsors of the concert, have main-
tained the high quality of the
programme.

THE SEPARATE SKIRT IS STILL A STUDY IN PLEATS

THE SEPARATE SKIRT IS STILL A STUDY IN PLEATS.
The Winter Range is Exceedingly Varied and Comprehensive. Satisfying Fashion never tires of "pleats." They are as good today, fashionably speaking, as ever before. No matter what you choose in fabric, whether it be a fine Wool Crepe, a plain Botany Serge, or a beautiful plaid, nine out of ten the style will be a pleated one.

As the colder weather approaches, "Skirts" are increasing in demand. They are particularly becoming when worn with a fur coat.

"WOOL CREPE" is a new fabric this season. It is not as heavy as serge nor as light in weight as Canton crepe. It forms a happy medium as it pleats up wonderfully well. Obtainable in shades of Sand, Cocoa, Brown, Navy and Black. Priced at \$10.50.

"STYLES AND PLAINS" come in a wonderful range of artistic colorings. The range varies from subdued tones to the best expressed as a riot of color. "Pleats" are used in various combinations to produce some very wonderful effects. Priced from \$2.50 up.

"NAVY AND BLACK" Skirts are usually made from All Wool Serge or "Triton." "Workmanship" and "Finish" are two very important details concerning a skirt. You are bound to appreciate the "Fit" as well as the quality of the fabrics used. Obtainable in a wide range of regular and O. S. sizes.

Our stock of All Wool Blankets is large, in both Canadian and Scotch make. The prices are within the reach of the thinnest pocket book. The quality is of the highest. All Wool Blankets are a present that will be greatly appreciated. Those heavy duty comforters that give a doubtful warranty, those that need a good wash (but their colors would run), they are so heavy to handle, why not do away with them? Why not have a pair of these downy, soft, warm blankets? They'll wash; they'll dry; they'll last; they'll give a wealth of good service.

Skelden's Scotch All Wool Blankets come in two weights, two sizes and two qualities. 6 and 8 ft. and 68x86 in. priced at \$8.75, \$10.00, \$11.25 and \$12.00 a pair.

Kenwood, the All Wool Blanket de luxe, thoroughly shrunken, colors checked by the chemist, silk woven across the "cuffs" in shades to match. They come in shades of Rose, Sky, Tan, Apricot and Amber. Size 60x84, priced at \$8.25 each or \$16.50 a pair; 72x84, at \$12.50 each or \$25.00 a pair.

Canadian All Wool Blankets, with Pink & Blue borders, 7 lbs. in weight, 64x84 in., priced at \$9.75 a pair, up to \$13.50 a pair.
